

W, W, W, W, W!

At 2 pm today Mr W dashed into room 803, waving his hands and saying GIVE ME ALL THE ROMANCE NOVELS!!! Students were shocked to see him seizing books, including Luxe, and Divergent which is not that romantic. Why did Mr. W want the romance novels? No-one knows. His sweaty face and loud voice suggest he was under pressure. This reporter wonders where that pressure came from. Silently, Tara and Jamine hid Twilight in their desks. Jason slipped Allegiant in his pack. These students were not giving up their books to this crazy man, Except for Johnny Tremain he could have that.
